Dunnington Parish Council

Pensions Policy
March 2025
Reviewed Annually in May

The Pensions Act 2008 requires all local councils to enrol eligible jobholders automatically into a qualifying pension scheme, to offer non-eligible jobholders (workers who are not eligible or automatic enrolment) the choice as to whether to opt into a qualifying scheme and 'entitled workers' (workers who are entitled to join a non-contributory pension scheme) to request that the employer facilitate a non-contributory scheme.

In compliance with the above this policy sets out the details of the pension arrangements for employees of Dunnington Parish Council.

Dunnington Parish Council will comply with our auto enrolment duties under part 1 of the pensions act 2008.

If you are an eligible job holder you will be automatically enrolled into the councils chosen auto enrolment scheme NEST.
