

What can you put in your recycling boxes?

Together in a box

- » Glass jars and bottles (any colour glass)
- » Food tins and cans (aluminium and steel)
- » Plastic bottles with lids or spray nozzles on
- » Plastic yoghurt pots, margarine tubs and light coloured food trays
- » Empty aerosol cans, foam sprays and detergent dispensers
- » Clean foil

No dark plastic food trays, hard plastic e.g. childrens toys, plastic film or bags, bubble wrap, broken glass, or pyrex

Together in a box

- » Cardboard packaging
- » Clean card such as cereal boxes, ready meal sleeves, egg boxes, inner tubes of toilet rolls
- » Envelopes (with plastic window removed)
- » Newspapers, catalogues, magazines, junk mail
- » Wrapping paper and greeting cards (no foil or glitter)
- » Clean paper bags, office paper and shredded paper

Cardboard with food on or wet cardboard - large boxes (must be broken up to fit in the recycling box)

What kind of foil can be recycled?

- » clean aluminium foil
- » clean aluminium trays
- » clean foil dishes
- » screw top lids from wine bottles

Scrunch the pack or foil into a ball, if it stays scrunched it's aluminium and can be recycled!

If it springs back open then it cannot be recycled.
